To Whom It May Concern,

Wanco manufactures top quality equipment for industries that include road and highway safety, public safety and law enforcement, construction, security and surveillance, energy and mining. Wanco products have unique features, superior functionality, outstanding versatility and dependability. Wanco's product selection, engineering capabilities and dedication to quality have made us the industry leader in traffic safety. Wanco offers a comprehensive assortment of products including message signs, arrow boards, radar-speed devices and much more.

As an industry leader, it is important for us to align ourselves with reputable, reliable companies to help with the sale and maintenance of our products. **Road Work Ahead** of Idaho is a company that aligns with Wanco's core values and beliefs, and as such, is a **Factory Authorized Dealer and Service Center for Wanco products**.

If you need further information or if you have any questions, please do not hesitate to contact Wanco at 800-972-0755.

**Jay Ruegner**
